O R D E R:

In the letter 3rd read above, the Engineer-in-Chief (Irrigation), Water Resources Department, has furnished a detailed proposal based on the report of the Chief Engineer, NTRTGP, Tirupati and recommended to Government for according permission allocation of raw water to a quantity of 602 KLD or 7.7597 MCFT per Annum to M/s CARGILL INDIA PRIVATE LIMITED, Pantapalem Village, Muthukuru Mandal, SPSR Nellore District from Sarvepalli Reservoir SPSR Nellore District, **for a period of 5 years**, subject to the following terms and conditions :

1. The drawl of 602 KLD or 7.7597 MCFT per Annum at Sarvepalli Reservoir is subject to availability and valid only when the industry utilizes the above-required quantity of water in any one of the financial years in a continuous span of 04 years or otherwise, the allotment can be reduced as per actual utilization of water during the above cited period.
2. The Industry shall have to bear the additional Water rate/ charges for the transmission losses during the release of raw water from Somasila Reservoir to Sarvepalli Reservoir.
3. The water will be spared on the availability of water in the Somasila Reservoir. The agency has to plan an alternative arrangement during the deficient years.
4. The entire cost of construction of the pump house, pipeline excavation, etc. should be borne by the user only.
5. Water meters or suitable measuring devices should be installed by the Industry at their own cost to measure the water consumed and should be made available to the Department authorities and the representatives of the user shall be present at the time of inspection.
6. The Industry should pay water rate/Charges at the existing rates and subject to revision by the Government from time to time. In case of failure to pay the water rate/ Charges the permission to draw water shall stand cancelled.
7. No field bodhi or pipeline shall be taken through or along with Government land without the approval of the competent authority. The lease amount should be paid as fixed by the Government.
8. The Industry shall obtain the prior concurrence of concerned Departments for laying pipelines crossing etc.
9. The Industry should make their own arrangements for supplementation of water in their premises only.

Contd.P.2

10. The Industry should make its own arrangements to dispose of the treated effluents as per norms of the Andhra Pradesh Control Board in their premises only and should obtain prior permission if any needed from the Government to dispose of treated effluents in the natural sources.
11. The Irrigation Department reserves the right to cancel the permission without assigning any reasons thereof.
12. The Irrigation Department is in no way responsible for the non- supply of water due to any reason.
13. The Industry must acquire private land for the installation of pumping arrangements.
14. The water drawn from the Sarvepalli Reservoir should be utilized for the purpose for which permission is granted and any misuse in this regard will entail cancellation of the permission without any notice and the Industry is liable for imposition of penalty.
15. The Industry must strengthen the bund/canal/river margin by 100 Mts or as decided by the Water Resources Department, on either side of the proposed off-take point to avoid slips, and erosion of banks and to protect existing margins as directed by the Department.
16. The Industry should follow the Revenue Board's Standing Orders.
17. The Industry shall pay a security deposit of 5.0% on the water charges for the stipulated period as per the direction of the Agreement authority.
18. The Industry shall pay one year of water charges in advance before entering into the agreement.
19. The Industry should pay water rate/ charges. The water Water rate/ charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time.
20. The Industry should make its own arrangements for summer storage during the canal closure periods.
21. M/s Cargill India Private Limited has to conclude an agreement with the concerned Superintending Engineer within one year after according to the approval from the Government of Andhra Pradesh or otherwise the allocation is deemed to be canceled.
22. A detailed plan showing the location, the intake arrangements, details of the pump-house, conveyance system, etc., shall be furnished to the Chief Engineer, CDO and his prior concurrence shall be obtained.
23. The Industry shall abide by any other conditions laid down by the Government / Department from time to time.
24. The Industry has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year.
25. The consumptive utilization of 602 KLD or 7.7597 MCFT per Annum as required by the M/s Cargill India Private Limited including transmission losses should not be exceeded under any circumstances.
26. Any other conditions stipulated by the Water Resources Department afterwards if found necessary, the same will be binding on the Industry.
27. The permission does not confer any Riparian Rights to the industry.
28. In case of the industry is closed, then the allocation will be automatically canceled.
29. The Industry has to produce the relevant records for department verification at the end of each quarter periodically.

2. After careful examination of the proposal, Government hereby accord permission to M/s CARGILL INDIA PRIVATE LIMITED, Pantapalem Village, Muthukuru Mandal, SPSR Nellore District, for drawl of 602 KLD or 7.7597 MCFT of raw water from Sarvepalli Reservoir SPSR Nellore District for a period of 5 years, subject to the terms & conditions as mentioned at above para.

Contd.P.3

3. The Engineer-in-Chief (Irrigation), Water Resources Department, the Chief Engineer, NTRTGP, Tirupati, and the Collector & District Magistrate of SPS Nellore District shall take necessary action accordingly.
